RELIABLE CAR TINT EXPERTS

Our window glass tinting services include car window tints, residential window tinting, and commercial window tinting.

About Us

Classic Tint is a Premium Window Tinting Company in Nairobi Kenya! NEVER BEATEN ON PRICE OR QUALITY – Window tinting services in Kenya is our specialty! We provide the professional glass tinting services that give you the finish that you will love. Our window glass tinting services include car window tints, residential window tinting, and commercial window tinting.

Our Tinting Services

1 Automotive Car Tinting

a) **Ceramic Film** – This film is the latest advanced technology as it is composed of ceramic particles that are non-metallic and non-conductive, offering a range of benefits for vehicle owners.

b) **LLumar ATR Black Series** – LLumar is a well-known brand in the automotive window film industry, and they offer various tinting options with different features, such as heat rejection, UV protection, and glare reduction. The term 'ATR' might be an abbreviation for a specific technology or feature associated with their window films.

2 Residential Window Film

Transform your home into a haven of comfort and style with our residential window tinting services. Enjoy increased privacy, energy efficiency, and protection from the sun's harsh rays. Our expert team will tailor the tinting solutions to complement your home's architecture, providing a perfect balance of natural light and privacy.

3 Commercial Window Film

Our commercial window tinting services offer a perfect solution to regulate temperature, reduce energy costs, and protect valuable assets from harmful UV rays. Enhance the aesthetics of your commercial space while ensuring a more pleasant atmosphere for your employees and clients.
